Livestock Market:

When the SAMDev Plan for 500 dwellings in Tasley was approved, Shropshire Council insisted that the Livestock Market be re-located as it was felt that the market was incompatible with housing. Now, under the Local Plan, the proposed TGV will surround the Livestock Market on three sides.

Poultry Units:

Schedule S3.1(1) states that 'Before occupation of the first dwelling on the site, any poultry units operating on the site or land within the wider site promotion will cease operation.'

In a Shropshire Council Cabinet Report entitled 'Shropshire Local Plan Review: Pre Submission Draft dated 20 July 2020, Appendix 2: Summary of the Assessment of Garden Village Proposals in Bridgnorth stated at paragraph 34: "The land at the 'Garden Village' at Tasley contains the site of a current Planning Application for Poultry Units. It is understood that if the site is allocated then these Poultry Units...would not be implemented."

These two statements are not compatible. Furthermore, at the Council Cabinet meeting which discussed the Regulation 18 proposals, Council officers referred to a possible legal agreement which would prevent houses being built if the

poultry farm was operating. Currently no such agreement has been registered.

It is quite possible, therefore, that the TGV would be built in the vicinity of both the livestock market and the poultry farm.

In DP18 Pollution and Public Amenity, it is stated at 4.168 that 'Developments such as...intensive livestock units may need a Habitat Regulation Assessment...'

In Appendix 2 of the Shropshire Council Cabinet Report entitled 'Shropshire Local Plan Review: Pre Submission Draft dated 20 July 2020, it is stated at paragraph 35:

'The land at the 'Garden Village' at Tasley is also close to sources of current road and commercial noise and potential future noise and odour from the relocated livestock market...other commercial uses on the existing employment allocation and potential commercial uses on the employment land proposed...this can be appropriately managed through appropriate design and layout and use of green infrastructure buffering.'

No details are given as to how this can be achieved or how long it takes for the measures to be effective. No mention is made of the potential noise and odour from the poultry units. How can odour from the poultry units and livestock market be mitigated?

No consideration appears to have been given to the ground contamination that has been caused by animal waste and run-off from the market activities.

Q5. Please set out the modification(s) you consider necessary to make the Regulation 19: Pre-Submission Draft of the Shropshire Local Plan legally compliant and sound, in respect of any legal compliance or soundness matters you have identified at Q4 above.

Please note that non-compliance with the duty to co-operate is incapable of modification at examination. You will need to say why each modification will make the Regulation 19: Pre-Submission Draft of the Shropshire Local Plan legally compliant or sound. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.

1. Having insisted that the Livestock Market be moved from its current location as it was felt that the market was incompatible with housing, an explanation is required as to why the Council is now potentially allowing the TGV to be built alongside it.
2. Is there a legal agreement in place between the landowner who has submitted the planning application for the poultry units and the Council? If so, why is it not available to the public? If not, how will the Council ensure that the poultry units are not in use once the TGV development has started?
3. Details are required as to how noise and odour can be mitigated in these circumstances; and a full impact report with proposals.
4. A study should undertaken to determine the level of ground contamination that has been caused by animal waste and run-off from the market activities; and an impact assessment reported upon
