It was agreed that Cllrs P Yuille and L Moxon-Jones represent the Parish Council and report back to Council on outcome of future meetings.
- (v) **Proposed Poultry Enterprise at Footbridge Farm:** the decision to refuse the application is being appealed. Efforts are being undertaken to have the appeal dealt with at a public hearing rather than written representations. - (vi) **Application for Lawful Development Certificate at Monkhopton House:** Councillors shared views on the application for lawful development certificate in respect of the use of offices, workshops and storage units, Whilst it was recognised that operations could be at unsociable hours, restrictions on their use needed to be carefully assessed in light of the units being used for equipment required at all hours. Councillors discussed the merits of the Parish Council creating its own Neighbourhood Plan. Some concerns were raised over the merits of undertaking such an exercise, especially when it was understood that Morville's status would change to open countryside.
Cllr S McDermott advised Councillors that he was happy to represent the Parish Council at the discussions with Tasley Parish Councillors. Consideration was given to Cllr A Pitchers joining Cllr S McDermott in the discussions, but due to commitments, Cllr A Pitchers deferred his presence for the time being.

- (ii) **Requirements for the Parish to Secure Services of a Lengthsman/Environmental Maintenance Officer:** Councillors considered the merits of employing a permanent lengthsmen or to allocate jobs to preferred contractors as and when they were identified and suitable. Cllr J Davey suggested it may be worth the Council's time to employ individual contractors for the remainder of the current year to identify what duties and tasks required to be performed. Councillors considered the duties required within environmental maintenance and it was agreed that specific requirements should be established and a job specification created.

Councillors considered the scope and requirements covering the lengthsmen's duties and it was agreed that parishioner feedback be obtained via the Council's Facebook and website.

Proposed by Cllr J Davey, seconded by Cllr P Yuille and it was resolved unanimously that environmental maintenance tasks be undertaken by preferred contractors for the remainder of the current year.

- (iii) **Environmental Maintenance Grant:** The Locum Clerk advised Councillors that he had secured the name of a colleague at Shropshire Council and would be contacting her to understand the current grant requirements and documentation. Appendix 1: Shropshire Councillor's Report for the Meeting being held on Monday the 10th July 2022.

Agenda Item 22/38

I have a few items to report as follows:

1. Stage I of the Examination in Public of Shropshire Council's Local Plan started on Tuesday the 5th July at the Shrewsbury Football Stadium. Stage I is procedural and deals with legal and policy matters. Stage II will deal with specific site allocations such as the proposals to build 1,050 houses between Bridgnorth and Morville. The date that Stage II commences has not yet been announced but it is anticipated to be some time in the autumn.

I have just been informed that several participants last week have tested positive for Covid, so the Inspectors have decided to continue the Examination via Teams.

2. Following the Lib Dem win in the By-Election in Highley there is now a sufficient change in the political balance of the Council to pass the Independent's seat on the Southern Planning Committee to the Lib Dems. This means that I will no longer be on the Committee- for the first time since Shropshire Council became a Unitary Authority in 2009. I accept the situation gracefully and I do not regret voting against the proposal to include the Taylor Wimpey proposal to build 1,050 houses near Tasley.
3. There has been some progress in introducing traffic calming measures through Weston. Unfortunately, but understandably, the traffic from the A49 is currently being diverted along the B4368 which reinforces the need for a speed limit.
4. The decision to refuse the planning application to construct a poultry enterprise at Footbridge Farm has been appealed by the applicant. The Planning Inspectorate has decided to hear the appeal by way of written representations. However, Members of the Southern Planning Committee believe that the appeal would be better dealt with at a public hearing and have asked Planning Officers to write to the Planning Inspectorate accordingly. Whilst the farm is

not in Morville Parish it is close to its boundary and the consequences, if the appeal is allowed, may affect some residents of Morville Parish.

5. As the local member, I have been sent notification of an application for a Lawful Development Certificate at Monkhopton House in respect of the use of offices, workshops and storage units, which have been used without planning permission for at least the preceding ten years. I have until the 13th July to respond but I believe I have no grounds to object to the issue of a Lawful Development Certificate.
6. As always, if there are any matters with which I can help, please let me know.

Appendix 2: Chairman's Report for July 11th 2022

Stage 1 of the Public Hearings on Shropshire Council's Draft Local Plan began, in Shrewsbury, on July 5th. This first stage is primarily concerned with legal compliance, and we have previously agreed that Morville PC will not take part until Stage 2, which is more concerned with specific sites.

Nevertheless, our views have been made clear to the Inspectors as Reg19 submissions, and I have made sure that several other participants will be expressing our concerns during these Stage 1 verbal hearings. The second week of these hearings will now be held online, via Microsoft Teams, due to an outbreak of Covid-19.

Tasley PC has decided to commence work on the preparation of a Neighbourhood Plan for their parish. I have had an informal meeting with some Tasley parish councillors, who have suggested that Morville PC could contribute to this process, and they will contact me to let me know when they start work. I would be happy to represent the PC in this role.
